Furlough Announcement!

Scheduling for Fall 2019

We are planning a furlough for Fall of this year, and are in the process of filling the calendar. We still have available dates from September through November.

Our goals are to report to many of our supporting churches who will have us, and also to present to new churches the opportunity to invest and participate in the Great Commission happening in Argentina through our ministry.

If you would like to have us in to share with your church what God is doing in Argentina, please reply to this email to secure a date on the calendar!
