THE UKRAINE REPORT: JAN. - MAR. - 2018

Dear Pastor and friends at Central Baptist Church,

We had a great year in America sharing the Ukraine ministry, sightseeing with some of our family, and visiting many friends. We praise the Lord for the nice vehicle that was provided, for safety, for the chance to see what God is doing around the USA, and for many who promised to pray for us.

We are glad to be back in Ukraine and are trying to catch up on admin work, refreshing our minds with Ukrainian and Russian, trying to remember how to cook :). It's so easy to eat out in the States with so many good restaurants.

2017 was a furlough year in which we ran the Ukraine ministry from the states - with key partners in Ukraine. We have completed 12 years. Here is a summary of what God has done.

1. In 2017 we visited 90 churches, and had 11 new partners join with us.
2. In 12 years, we never had a drop in the number of Bible college classes.
3. Our 2006 goal was for 200 to take one class by 2016. We had 1,600.
4. The students Ron has taught (he has not even seen half of the students) have started a number of churches in five countries (mostly in Ukraine).
5. We live in Ukraine, but in 2018 Ron will teach in three nations and three Ukraine cities - as International Baptist Bible College continues to expand.
6. IBBC is unique with regular classes in the war zone of Ukraine.
7. Over 1,700 people have taken classes and 2018 should be a record year.

The above was not done by us. God uses your support and prayers for us to accomplish things for His glory.

Pray for (1) The summer 2018 outreach we are planning, (2) Workers we need to help us this summer, (3) All physical and financial needs to be met, (4) Our spiritual lives to be shaped by God's Word, not our own wishes.

A big thanks to Central Baptist for helping us win Ukrainians for Christ. Thanks for partnering with us. Pray for Ukraine in these trying days.

Ron and Nancy Minton
