Subject: A very important message from Brent and Sheila Moeller - Durban, S Africa

Hi Friends,

We wanted to write and tell you of a problem that we are experiencing that will affect our immediate plans for departure back to South Africa.

We were scheduled to be leaving to return to our home and ministry in Durban on Wednesday the 22nd of August. Due to serious health issues with our daughter Karissa we have determined, with the blessing of our sending church, that we need to postpone our departure for six more weeks. (October 2)

Karissa has been having ongoing severe abdominal pain in both her upper and lower tracts. She has been vomiting on a regular basis for at least six weeks. After numerous visits to specialists, two trips to the emergency room and a battery of tests, we are no closer to a diagnosis. Of course doctors are ruling out things so that is at least positive.

She will have an exploratory procedure done hopefully next week.

We truly appreciate your prayers.

Some of our supporting churches especially on the East Coast expressed a desire for us to make a report but there was no open Sundays. We would have Sunday August 26th and all the Sundays in September available. We know this is short notice but we just wanted you to be aware of this possibility.

God has been so good to us in our travels to churches. Gods people have been so generous when they heard of our loss of support, our stolen tent and the many ministry projects we seek to continue on our return. He is a God whom we can trust!

We are truly blessed,

Brent and Sheila

If you would like to discuss a report you can reach us by phone at 864 201 4017 or by email at brenta.moeller@gmail.com

Also just to remind you, we will be returning to the USA in July of 2019 and will be in the States during the school year for Landry to finish his High School education.
