May 2018

Mission Office:

BBFI, Box 191
Spfd, MO 65801
(417) 862-5001

Dear Friends,

We are coming to the end of another furlough. We have one conference left at our sending church in June and a couple of other meetings. Then we will be making our way to San Diego to visit Lhey's family before flying across the pond.

It has been an interesting year to say the least. I've already put over 41,000 miles on the car, survived a head-on accident, recovered from a herniated disc, and gained 30 pounds. The outpouring of love and concern from our supporters has been overwhelming. You've all taken such good care of us.

We came home hoping to raise money for a vehicle and a church building, plus an accordion. We have three accordions, enough for a car, and although we can always use more building funds, we have enough to put up an initial building for the Aeta ministry. Please continue to pray for us concerning a plot and permission from the tribal council to build. If we have to purchase land rather than lease the cost could go up considerably. If we have to build outside the tribal lands the distance would complicate the work.

If I've not been able to make it to your church, our furlough video is on Youtube under the title Patterson Furlough Video 2017. Our 2008 and 2011 videos are also there. The current video capsulized our work beginning with ministries we were involved with after the 1991 eruption of Mt. Pinatubo before we were full time missionaries, and takes us up to the present day. Along with the video I have published a book that tells the story in more detail. If you are interested it is available on Amazon under the title Finding Fletcher by Lance Patterson. Or you can email me at pattersonlance@yahoo.com.

We continue to request your prayers as we prepare to go back to our work. The next letter you receive from us will, Lord willing, be from the Philippines. God bless you all.

Rec: \$ 75 March, \$75 April

Thank you,
Lance Patterson
