## One Church at a Time

### 2018 Year In Review

There is so much to thank God for here in London in 2018. The church we joined back in March has been blessed so much with growth and we have seen the attendance go from just under 10 to over 50 every week. Along with 5 salvations and 3 baptisms, it has been great to see how much God has blessed in such a short amount of time. For our Christmas outreach service we had 71 in attendance and it was a great way to end to 2018.

This year has also seen some fantastic changes in our personal lives as well. Not only did Rachel and I get married in June, but we were able to have 2 great wedding celebrations in both England and America this past autumn. Then we were so blessed to find out that we are expecting a honeymoon baby March 26th. We can't wait to welcome our little baby girl into our lives in 2019.

With the news that our family was growing so quickly we were able to move out of our flat into newly refurbished house this December. It is so exciting to be able to set up a nursery and have some extra space for the soon to be grandparents to come visit.

We are so excited to see what God is going to do in 2019 and can't wait to share it all in the months to come. Be praying for all the big changes coming to London this next year and for all the lives that will be impacted as a result.

### Christmas in Jersey

Rachel and I were blessed to be able to go to Jersey, a small island in the English Channel between France and England, to celebrate Christmas. We spent the week with Rachel's mum and I got to experience more of where Rachel grew up. It was great to get to spend the holiday with family and friends. I pray that your Christmas was a good one too!

### Prayer Requests

1. For one new visitor to come every Sunday to our church here in London.
2. That we would get to see 5 salvations, 5 baptisms, and 5 memberships in 2019.
3. For new financial supporters to help us with our growing family and ministry.
4. For Rachel's and the baby's health during the last trimester of pregnancy.
