

Saving London

One Church at a Time

We Found A Church!

Big news! We are thrilled to announce that one of the churches we have been meeting with over the past year, that did not have a pastor, has formally requested that Tarl Reeves and I take on the main leadership roles for their struggling church. This smaller, but wonderful church in Welling, located in southeast London, has suffered over the years with a dwindling congregation and health-related issues within its membership. This faithful church of 12 members has determined not to go quietly into the night by closing their church doors forever, but instead has chosen to carry on as a lighthouse for the gospel in their community.

As a result of our mutual longing for renewal and revitalization at this church, we are excited to come alongside this church, not only to get them back on their feet, but to help establish them as a launchpad for further church planting endeavors. It's our desire for this church in Welling to become a church planting church. Please pray for the Reeves Family and I as we transition to this new church work in another part of London, and for all the new ministries we will be starting in 2018.

Adrienne Reeves, Rachel Graham (my fiancée), and I after church on Sunday.

First Sunday back in the church building after being away 18 months.

Preaching Anniversary Service

I got the privilege of preaching at Days Lane Baptist Church for their 81st anniversary. It was great to be able to challenge them to keep putting Christ first in everything they will be doing this year. I am excited to see how 2018 will be a great year for them to reach their community for Christ.

Prayer Requests

1. For Rachel and I as we plan our wedding and future together.
2. For our new church that we are a part of in Welling, that God will use us to be a huge blessing there.
3. For the new Crockenhill student ministry I am leading will continue to grow.
4. For 10 new churches to come on board with financial support, to help with the added expenses I will be adding in September (I hear being married costs a bit more than being single).
