"A life spent on others is a life well-spent."

1978-2018

Dear Pastor & Friends:

We just finished three weeks of camp at Camp Victory. I cannot share all the blessings of this years camps. I am glad to report that we have baptized sixteen as a result of decisions at camp. We also have enrolled several that were called to attend Bible College this year. Several other churches that attended also have baptized those who made decisions at camp this year. We also just had our annual adult church picnic at Camp Victory this past Saturday with over 200 who attended.

Visitation programs are being blessed with many first time visitors and professions of faith. We are having a full building in both morning and evening services. Regular offerings for church and missions are growing also. As a result of that we have taken on two new missionaries and increased the support of some that we have already been supporting for awhile.

We are hoping to complete our new materials for grades one through six in the next few months. It will be completely original and for sure is going to be a blessing to our ministry here and the ministry of others who choose to use the materials.

The many interns we have working here at church preparing for future ministries are growing in the Lord and being a great blessing to the work here. They are also helping in some of our mission works on the week ends.

My back is improving some and I thank the Lord for that. I am trying to make contact with a Doctor to start some therapy soon. My wife and I are riding our bikes each day and enjoying that.

We have three foreign missionaries raising money to get to various fields where they have been called. Several of our interns feel they are being lead to different foreign fields. The Lord is calling out men and women to serve Him around the world.

The Lord is at work in this place and we can rejoice in our partnership in reaching the world with the Gospel. We love and appreciate each of you so much.

We have started building our house. Increased taxes on items here have increased the price of construction on several items. We really need help with this project and are asking for all those who would be lead to help us. It sure would be a great blessing to us. To complete this house project and not have to pay rent any more would be such a blessing to us. With the price increases we are still lacking around ten thousand dollars. Any help sent to the missions office marked house fund would go to this project.

As always God bless each of you. Let's continue to reach the world with the Gospel.
