- Discounts apply to tuition and extended care (EC) for the least expensive student in the family.

- The rates for tuition and EC only cover days when school is in session.
- Drop-in EC is available for BCS students only. Drop-in breakfast is \$3.25; lunch is \$4.50
- Enrolled students are charged tuition and EC for regular school days regardless of their presence. No credit will be given when students are absent, even for extended lengths of time. No credit is given for weather-related closings or for other acts of God.
- Students must be picked up on time. If a child is not picked up within 15 minutes of dismissal, he will be placed in EC and be charged for a minimum one hour stay. There is a \$1 per minute late fee (\$20 minimum) for each child not picked up by 6pm.
- Tuition is paid-in-full or on a monthly basis through FACTS as permitted below. Should a student withdraw, *tuition* refunds are given for the months the student was not in school. All other fees are non-refundable and full payment due at time of withdrawal. Payments not made on time will be assessed a \$30 late fee and an additional FACTS late payment fee.
- Accounts may be paid by several means:
 - Paid-in-full: If the registration, tuition, extended care, supply, and facility fees are paid in full by August 1, the family receives a 3% discount off the *tuition*. Families registering after August receive the discount if full payment is made at the time of acceptance.
 - 10-month installment plan: Families choose whether to make payments by the 1st or the 10th of each month, beginning in August. Enrollment with FACTS is required.
 - 11-month installment plan (returning families only): Families choose whether to make payments by the 1st or the 10th of each month, beginning in July. Enrollment with FACTS is required.
 - Students entering BCS before October 1 are assessed the full year's tuition.
- Family account balances must be current. An account more than one month in arrears disqualifies the student(s) from returning to school until the account becomes current.
