

# Flamingo Relocation

## FUN-raiser

A flock of fabulous, fiery pink **FLAMINGOS** has descended upon the Hastings area. Ornithologists believe their most unusual northerly flight pattern can only be explained by the strange El Nino weather patterns reeking havoc on the world's weather.

The flock would love to visit your friends and family and we are asking for your help. For a suggested donation of \$1 per flamingo you can send up to 50 flamingos to a person of your choosing. Complete the flamingo request form online (preferred method) or leave the attached sheet taped on your door before we return to pick up the flock tomorrow evening.

Flamingos will land in your yard for 24 hours (unless otherwise specified by the sender). The youth will be by to remove the flock the following evening.

Please select persons living within Hastings (55033) and Vermillion (55085) and those who would see it all in good fun.
