**COURAGE TO CHANGE**

Courage to Change had a surprise Thursday June 21. We were blessed with 3 speakers from the Recovery Point in Parkersburg. Justin our scheduled guest speaker brought Adam and Travis with him. Each man told his story of addiction, recovery and hope. Justin told how he grew up in a church with a religious family, but still turned to alcohol and drugs to fill the void in his life. After going to 16 rehabilitation programs and treatment centers he realized only God could fill the void. He came to the Recovery Point in Parkersburg, went to the Warehouse Church, was baptized and now attends there and volunteers in the community. He is due to be released from parole in a week. Adam had a similar story of growing up in a religious family in Cabell County WV, but got involved with Meth and other drugs. He overdosed 4 times and was pronounced dead for 15-20 minutes. He was in ICU in St. Mary's hospital. He was discharged from the military for drug use, but now is in the Recovery Point program. He too recognizes God is the answer. Travis is one of the supervisors at the Recovery Point. He has been through the program in Huntington and is now working with the program in Parkersburg. Recovery Point is a non-profit facility supported by grant money. There is no charge for the program. Recovery Point in Parkersburg is associated with several other recovery facilities in other states like South Carolina and Tennessee. The clients are accepted by phone or court order. It is a very structured program from detox to rehabilitation. They are involved in many community projects saying "we took from the community (literally money), now we want to pay back."

**LOVE IN ACTION**

The VBS team did another awesome job this year making a difference in so many children's lives. Thank each and every one of you who volunteered so much time for VBS. We also want to thank the children and families for donating 1100 items of food for the pantry. What a blessing to our community! We continue to make a difference in many lives. This week we were able help place a homeless mother in an apartment. We will continue to work with the homeless organization that helped place her, with furniture and household items for other homeless they are placing in apartments. More information will be out soon. Jeff challenged us once again to be more compassionate. If you see someone falling behind, walk beside them. If someone is being ignored, find a way to include them. If someone has been knocked down, lift them up! ALWAYS remind others of their worth. Be who you needed when you were going through tough times. Just one small act of kindness could mean the world to someone.
