COURAGE TO CHANGE

After discussing the traits of a toxic person, the Courage To Change members learned 9 telltale signs that toxic people are getting the best of you.:

1. You talk about them a lot.
2. You lose your temper.
3. Your self-esteem dwindles.
4. You blame THEM for your behavior.
5. You dread spending time with them.
6. You stoop to their level.
7. You don't set healthy boundaries.
8. You resort to unhealthy coping mechanisms.
9. They engage you in negative talk about others.

LOVE IN ACTION

LIA Life

Through LIA you purchased diapers and formula for a grandmother who has her three young grandchildren due to their parents using drugs. We have also been able to assist with utility shut-offs in our community. Your generosity is making a difference.
