Authentic Church Community
Jack Thorn

The study covers the “one another” passages throughout the New Testament. The class will consider concepts and structures of real community and fellowship among believers. Special passages will be discussed stressing behaviors, attitudes, and actions promoting authentic relationships among the family of God. Jesus said, “a New commandment I give to you, that you love one another: just as I have loved you, you also are to love one another. By this all people will know that you are my disciples, if you have love for *one another*.”
