

June 1, 2021

These are the updated COVID-19 Safety Protocols for Gathered Worship and Church Events issued by the elders based on CDC and state recommendations:

1. Masks are welcome anytime, and mask wearing preferences on campus are left mainly up to the individual unless mandated by our staff for certain childcare/nursery activities or other occasions. Please be respectful of your church family and our guests.
2. Every other pew located in the outer sections of the main auditorium and in the balcony will continue to remain closed to provide more social distancing for those with certain health needs.
3. All pews in the two center sections of the main floor will be open for seating. We ask that you continue to practice social distancing between separate family entities on the same pew in these sections.
4. For anyone wishing to sit in a place with quick entry / exit (to minimize physical interaction before and after the service) please email Denise Melendez for "reserved seating" at denise@rockybayoubaptist.org.

We are very grateful for your faithful cooperation during this past year and now moving forward.

To God be the glory!
