

BENEVOLENCE

Benevolence is one ministry avenue our church uses in supporting church family members and others through occasional difficult or challenging times in their lives. If you are aware of some specific needs of a church family member or other individual, please communicate confidentially with one of our ministers.

Consider giving "over and above" your regular tithe to help with this ministry effort within our church family and into the community.

A portion of the special offering we take each year in November (kingdom ministry offering) helps with this ministry effort. There is always need within our church family and God blesses us with the privilege of ministering to our family and beyond our family doors.

Consider giving today and marking your gift "benevolence!"
