Prayers and Praises: *Focus—Children's Ministry*

- We have consistent servant leaders who are connecting with the children and displaying the love of Jesus.
- We are implementing strategies for relational connection and we have seen great healing and feelings of safety in our children and families.
- Pray that servants would continue to step forward to love sacrificially.

REACH Partner Highlight: The “B” Family (Russia)

The "B" family have lived and served among unreached people groups in Russia for 25 years. They are the strategic coordinators and mentors for those serving among these groups.
