

Work Day at FBC

We're moving in the right direction with all of the big projects going on at FBC, but there are lots of little projects that need attention. Your Building and Maintenance Team is assessing things all over the building that need to be done including replacing ceiling tiles, cleaning lights outside entrances, cleaning wall grates, wiping down doors, and minor sanding/painting. A work day has been set for Saturday, October 3rd from 9:00 a.m. to noon to tackle some of those projects.

Please consider coming out that day to lend a hand – many hands make light work, and the fellowship will make the work go faster! If you'd like to volunteer with light maintenance in or around the church in your own timeframe, please contact the church office.
