

Rescue  Renew  Restore

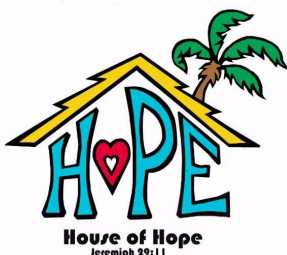

House of Hope is a 501(c)3 faith-based therapeutic group home program – a place of refuge and recovery – for 6 girls ages 12-18 who have been traumatized by human sex trafficking.

About our Founder, Darcelle Burandt, MA, LPC:

- Undergrad in Communications from Kent State University
- Master's Degree in Family & Consumer Science (Life Skills) from Akron University
- Master's Degree in Professional Counseling from Liberty University.
- Licensed Professional Counselor
- Trained in Trauma work with Pia Melody and Dr. Rick Butts
- Trained in Christian Healing Prayer from Christian Healing Ministries
- Trained and mentored for 12 years with Debby Temmer and Centered For Life, a counseling center located in Glynn County, GA
- EMDR Therapy trained under Dr. Neil Schulenburg

Ten years ago, I first began to sense a calling to become a part of the solution to this ongoing and overwhelming issue facing us in our generation. It is with both a broken heart and great joy that I present to you the House of Hope – a residential program with curriculum designed to integrate mind, body and spirit that will rescue, renew and restore the lives of these precious girls, offering them a future filled with hope.

House of Hope is a dream and a calling that is now a reality thanks to the generosity of family, friends, and this amazing community in the Golden Isles of Coastal Georgia!
