

**MESSAGE TITLE** The Priority of People (1 Corinthians 9:19-21; Galatians 6:2)

**BIG IDEA** People should always take priority over our politics.

- 1) How can we follow the law of Christ but still disagree politically? (See Galatians 6:2 NIV)
- 2) How would you rate yourself in trying to understand someone else's mindset?
- 3) Do you believe you'd think differently with regards to politics if you had a different set of past experiences?

### CHALLENGE

This week, attempt to have a conversation with someone who holds different political perspectives than your own. Seek to listen to them and to learn from them instead of trying to defend your own perspective. Love people enough not to burn a relational bridge over a political view.
