

# The Transforming Power of Grace

Galatians 1:10 – 2:14

April 19, 2026

**God's grace not only brings us our initial salvation;  
it also transforms us day by day.**

1. Paul was not only saved by grace, but was also transformed by grace.
2. Grace means gift, undeserved favor, and unconditional love.
3. Grace is the central concept of the Christian faith.
4. He looked beyond all my fault and saw my need.
5. What a privilege to be part of God's Kingdom, and to have a part in his plan.

**YOU WILL BE TRANSFORMED BY HIS GRACE!**

### **Study Questions to Go Deeper with God:**

1. Paul says he got the Gospel of grace by special revelation from the Lord. Where do we get the Gospel from?
2. Should we check our understanding of the gospel with others? Who? What possible written sources?
3. By grace, we are called to play a part in God's redemptive plan for the world. What was Paul's specific calling? What is yours?

**Another question--How does remembering the poor (2:10) reflect grace?**
