

Bridging Generations

Clarkesville First United Methodist Church is blessed to offer a variety of activities for the whole family! Population is expected to grow 7% over the next 5 years. Our church is growing, our ministries are expanding, and our classes are outgrowing their space. We also open our campus to community groups on a regular basis. The Lord has surely blessed our church! The time has come to expand! We hope you will prayerfully consider how you will participate in Bridging Generations, a Faith Commitment Campaign.
