

## 2020-2021 Ministry Priorities | *what main initiatives will shape our ministry*

1. **The Church Gathering:** *Growing in Unity, Gathering with Purpose*
  - Teach the doctrine of the church (in Ephesians) to see the priority and unity of the church
  - Continue in-person Sunday services - in the park possibly through summer, 2021
  - Continue simpler Sunday set up, music, and ministry - while caring for kids & equipping parents
2. **The Church Connecting:** *Growing in Relationship, Deepening in Fellowship*
  - See Home Groups (HG's) launching a new group(s) to make groups smaller and more effective
  - See HG's growing as a relational network in which fellowship and ministry are increased
  - See HG's including prayer and encouragement for personal outreach as part of our discipleship
3. **The Church Equipping:** *Growing as Disciples, Pursuing Spiritual Growth*
  - Equip through two "core discipleship groups" for devotional and doctrinal growth (men & women)
  - Equip through classes for theological, relational, *and / or* care equipping (*what & how forthcoming*)
  - Equip through elder identification process to raise up more elders to help "shepherd the flock"
4. **The Church Proclaiming:** *Growing in Outreach, Proclaiming Good News*
  - Strengthen our foundation of personal evangelism, while holding off on evangelistic courses this year
  - Strengthen our engagement with ministry partners: Bridge of Hope, College Area Pregnancy Services (CAPS), and International Christian Fellowship (@ SDSU)

## 2020-2021 Member Goals | *what we desire for our members*

1. **Unity & Worship:** Our goal is to see every member further equipped with a functioning doctrine of the church – such that every member actively promotes our unity in Jesus and gathers for our worship through Jesus (*or joins our services online, if health concerns require*).
2. **Biblical Fellowship:** Our goal is to see every member experience more of our shared life in Christ by being an active part of a Home Group – for their own spiritual good and the spiritual good of others - and by being more relationally connected with others through their Home Group.
3. **Spiritual Growth:** Our goal is to see every member intentionally pursuing growth devotionally and doctrinally by: (1) regularly enjoying God through his word and prayer personally, and (2) joining one of our "core discipleship groups" *and / or* attending an equipping class this year (*forthcoming*).
4. **Personal Evangelism:** Our goal is to see every member actively engaged in personal evangelism by having at least one person to whom they are consistently reaching out relationally that they might show love of Christ and share the good news of Christ.
