To Seek and Save Life

PLANNED PARENTHOOD STILL AT IT

The summer of 2015 held great potential.

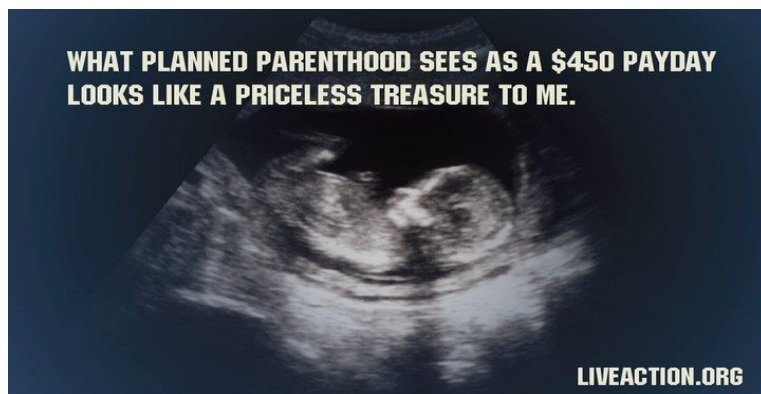

Ten videos were released by the undercover group Center for Medical Progress that showed Planned Parenthood openly advocating the selling of fetal baby body parts. Pro-lifers across the country saw this as a major victory. Videos quickly became viral, with over 1,000,000 views on social media.

Pro-lifers were expecting an indictment of Planned Parenthood. Protests popped up across the country. I was blessed to be one of the featured speakers at the #DefundPP rally in Tampa on August 23.

However, in January, a grand jury in Houston that originally had investigated the Gulf Coast chapter of Planned Parenthood, indicted one of the undercover players in the videos, David Daleiden! Daleiden was charged on a felony count of tampering with governmental records by making and using a fake driver's license, and a misdemeanor charge for emailing an offer to buy fetal tissue for \$1,600.

Please join Florida Preborn Rescue in praying for this case to be dismissed and for justice to be served.

Abortion will end when the church decides for it to end. Let's go to the streets armed with faith and not wait for courts and judges to win this for us.

Florida Preborn Rescue is a nonprofit 501 c3 organization based in St Petersburg, FL. We rescue the preborn from destruction and discrimination at local abortion clinics. We equip and awaken believers of all denominations to this great need. Our Director, Scott J Mahurin is currently at 40% of full time support. At full support, each abortion in St Petersburg, FL (there are 5) will have a prayerful Christian presence. Please consider joining FPR as a prayer and financial supporter!

ALL WOMEN'S HEALTH CENTER STILL SLOW: REPORT FROM ST PETERSBURG

While January and February are traditionally the busiest months in the abortion industry, we have good news to report from the front lines in St Petersburg. Saturday, February 20th there were no abortions in St Petersburg. Praise the LORD! As you know, Saturdays are the busiest abortion day in St Petersburg. It is not uncommon for as many as 10-12 abortions on Saturday during this time of year. Please continue to pray for this clinic (All Women's Health Center at 4131 Central Avenue in St Petersburg) to close down in the name of Jesus. Also join us in praying for more faithful sidewalk counselors to get trained and to commit to one Saturday a month to be involved.

SIDEWALK CLASSES GOING WELL

FPR has taught two sidewalk classes in the months of January and February. We had a total of six attendees and two of the attendees have begun coming out to the sidewalk on Saturdays, with one becoming a financial supporter! Praise the LORD. We are trying something new in 2016. We are hosting classes on Tuesday evenings as well as Saturdays in an attempt to reach people who have to work on Saturdays. Please join us in prayer for this vital part of our ministry.

Praise report! According to Lifenews.com's Cheryl Sullenger, "A sign posted on the front door was the first indication that the Planned Parenthood office in Winter Haven, Florida, had closed. It announced that as of February 1, 2016, the abortion facility which offered the abortion pill and surgical abortions through 16 weeks of pregnancy, would shut down for good." Join us in thanking God, but let us continue the fight until all 62 abortion clinics in Florida close down forever.

SATURDAY APRIL 30

10:00 AM

ST PETERSBURG CITY HALL

Join us for a peaceful rally against Planned Parenthood here in St Petersburg. Our Mayor, Rick Kriseman publicly has endorsed Planned Parenthood here in the Sunshine City.

It is odd for a local Mayor in a non partisan city to make such a stand. The Mayor also refused to even acknowledge the request from hundreds of citizens to raise the Pro-Life flag after raising the Gay Pride Flag two consecutive years. Let's join together in peaceful demonstration and ask the Mayor to disavow his association with the leading abortion provider in the United States!
