INTERESTED IN MINISTRY? with DYLAN MILLER

Bio: Dylan Miller is a recent graduate of Bethel University. While attending Bethel, he studied ministry leadership with the desire to know the Lord deeply and grow in his availability to be used in His ministry. Dylan first sensed a call to vocational ministry as a senior in high school, but he did not fully step into that calling until college, guided by the mentorship of faithful leaders. Today, he serves as a pastoral resident in the Missionary Church's North Central Region, where he has gained valuable experience and coaching to prepare him for a lifetime of service to the Lord.

Description of Track: This track is for those who are interested in ministry and will serve the purpose of equipping young followers of Christ for a long life of service in Kingdom-building ministry. Every member of the body is equally important, though they serve different roles. This track will be primarily geared toward those who feel led to and are interested in the service of vocational ministry, and helping them understand the purpose of the pastor in the local church. The first step to a healthy body is for each member to know the role that they serve within the whole. This track will seek to paint a vision for the leaders of tomorrow of what a healthy and thriving ministry will look like as they seek to serve the Lord and pastor the Church.

INVITATION TO PEACE with MIKAYLA MOORE

HOLY HABITS with GRAN ROBERTS

Bio: Pastor Gran Roberts isn't your typical pastor — he's an iced tea-loving, baseball jersey-wearing, Jesus-following, people-encouraging disciple maker with a passion for seeing lives set on fire for God! Before stepping into ministry, Gran was an award-winning illustrator and graphic designer, creating work for big names like Ralph Lauren, Dodge, USA Today, Motor Trend, and many comic book companies across the country. But everything changed when a virus attacked his heart — and God used that moment to completely reroute his life. Gran traded in his digital tablet for a pulpit and a new mission: to ignite fires in the hearts of others.

Now, as the pastor and church planter of Ignite Community Church in Albion, Indiana, Gran and his team are chasing a wild dream — to build a church that feels like family and takes Jesus beyond the walls, out into the streets, parks, and coffee shops to make disciples who make disciples. Whether he's preaching in a park, hanging out in a coffee shop dreaming up the next Ignite house group, joking with volunteers during setup, or cheering people on to live out their purpose, Gran's heartbeat is helping people see that faith can be fun, real, and life-changing. His message is simple — don't just go to church... be the church that lights up the world for Jesus — one fire at a time!

Description of Track: We all create habits in our life. Some habits are good and others not so good. One great way of connecting with Jesus is by building habits into our daily life that help us discover Him more. Join Gran Roberts as we dive into holy habits.
