

Calling all Super Scientists!!

Pre-K Science Enrichment Classes being offered as an Extended Day Option

We are now offering two science enrichment classes as an extended day option for our AM Turtle and AM Penguin students. The class will include a second snack (provided by the school) and an afternoon full of fun, experiments and learning about the world of science. Mrs. Richards (Penguins teacher) will be implementing the curriculum provided by Elemental Science.

Preschoolers can enjoy engaging demonstrations, perform simple experiments and will discover how science can help us better understand the world around us!

Children can attend one or both science classes. Every class will be different and cover new material.

Please fill out the registration form below to join in the fun.

Hard copies are available in the Director's office.

You can also register by simply calling or emailing the preschool office to enroll your child.

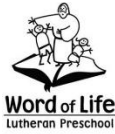

Spots are limited so register soon!

Class Days: Monday & Thursday

Class Times: 11:30-1:45

Class Teacher: Mrs. Richards

Class Start Dates: September 10th & 13th

Super Scientist Registration Slip

Student Name:

Check the day you prefer to enroll. Both options may be checked:
