2017-2018

Dear Photographer or Videographer,

When taking pictures or videos at Holy Eucharist Church we ask that you follow all of the following guidelines.

- Discretion is required at all times. Please do not stand in front of invited guests or be obtrusive while using your camera.
- During the ceremony, it is preferred that you use the available ambient light. Large, high-powered lights will not be permitted.
- The front of the church (the areas in front of and behind the altar) is not to be used. Please do not position yourself there or walk across those areas once the celebration has begun.
- The areas for your use are the sides of the church, center aisle, or other aisles. If you are in the center aisle, please stand at least half way down the aisle.
- Once the ceremony begins, please do not direct, block or distract members of the wedding party in any way.
- Be on time.
- Dress appropriately for a wedding.
- Meet with the celebrant prior to the start of the wedding.

As you can see, the key is your ability to be discreet. We want to permit you to perform the services you have been hired to do and at the same time retain the emphasis on the celebration that is taking place.

These guidelines are given to preserve the religious setting of the celebration of the Sacrament of Marriage. Your cooperation is greatly appreciated.

If you have any questions, please discuss them with the celebrant prior to the wedding.

Sincerely,

Rev. Andrew Jamieson
Pastor
