

The Bridge

Who are we?

We are a group of mature adults seeking to bring senior peoples together and bridge the generations at Riverwood through activities that help us pursue Jesus, grow together, serve others and make disciples. Our desire is to further build our church community and reach out to others.

Caring

We want to make caring a two-way street by putting together those who have a need with those who can meet that need. The Bridge will certainly provide services to older adults by teaming up to meet people's needs. Men and women, young and old will gather on Saturday mornings for breakfast before tackling to do lists. The Bridge will also connect grandparents with school children for mentoring, older mothers with younger mothers, the combinations are too many to enumerate.

Luncheons

These monthly events will allow Riverwood senior adults to mingle with fellow senior adults and hear a key note speaker.

Socials and Trips

Game nights (days) or events to join together with others for fun and/or entertainment. Local one-day trips and short overnight trips will be scheduled.

Banquets

These will be quarterly events providing food for both body and soul.
