

anthem of Hope

April 21, 2019:

Easter, Resurrection Sunday, provided a hope beyond what the world has ever known. The hope provided because of the resurrection of Jesus is available and active in our lives today.

1. What is something you have waited for in your life? What makes waiting so difficult?
2. How do you see waiting and hope working together?
3. Sunday we celebrated the resurrection of Jesus and talked about hope. Frank talked about how biblical hope is different than optimism. How do you see this to be true in your life?
4. Since biblical hope is rooted in a person, how is it superior to other forms of hope?
5. Read 1 Peter 1:3: What stands out to you about this verse? What is living hope to you?
6. Holy week for the Christian represents a dramatic movement from pain to hope. How has this been true in your life? How has God moved you from pain to hope?
7. What should our response to this hope be?

Pray as a group that God would make his hope that lives in you evident to the people around you. Pray that your hope would be bold in the face of pain, trials, and suffering. Thank God today for the living hope we have through the resurrection of Jesus.
