

Friends in Christ,

To inspire means to motivate someone to do something creative or exceptional.

How to inspire people to act is a difficult thing to do. Stirring the emotions of a group is effective in inspiring action. How do we stir emotions without manipulating emotions? It is our desire over the next several weeks to “stir” your emotions with passionate messages about how Trinity is impacting lives for Jesus. The work that we do is so very important, it is for eternity. Lives are being changed in this place and you are a part of this, it is my prayerful hope that you see this clearly and be moved to action.

We are now entering into the “Inspire Phase” of our Capital Campaign, Growing for the Future. During this phase of the campaign we will be seeking to create a passion for the ministry that God has blessed us with, to Inspire the faithful. There will be a sermon series which will share with you the vision of Trinity in saving souls, teaching, and loving kids, and growing our facilities to serve our expanding ministry. Each week of this sermon series we will be encouraged to look at the roll that each of us plays in carrying out our Lord’s work here at Trinity.

You will be receiving a number of mailings in the next several weeks, I would like to encourage you to read these carefully and then to prayerfully respond to the requests. We are inviting all members to attend “home gatherings” where you will have the opportunity to hear the details about our exciting campaign as well as ask any questions that you may have. You can sign up for these meetings at, trinitytemecula.info. Additionally, these mailing will share other exciting opportunities for you to join others in celebrating all the wonderful things that God is accomplishing here at Trinity.

It is my most earnest prayer that each of us may be Inspired to act on behalf of our loving God. Our God has been so good to us, may we move forward trusting in His continual guidance, blessing and direction. Be “Inspired with us” and “Grow with us for the Future”. God’s richest blessings to you all!

In Christ,
