

GOOD NEWS SOCCER CAMP

Weather Policy

If there is light rain, we will continue to run the camp. The camp participants are invited to keep participating as long as they are comfortable doing so.

In the event of lightning and thunder we will move all camp participants under the Liberty Park shelter and/or inside Good News (1217 Springdale Street) until they can be picked up by parents or guardians, or until the weather passes and it is deemed safe to play again.

If the weather is uncooperative (all-day downpour or lightning, thunder, etc.) before the day's camp even begins, we will cancel the day's activities before children get dropped off.
