## Community Garden

We will be planting in our garden soon. Last year was a great success. The children all helped plant, water, weed, harvest and compost. It is a great learning opportunity -

Here are just some of the benefits of  
gardening with children:

Encourages healthy eating.

Enhances fine motor skills

Teaches responsibility

Introduces Scientific concepts

Develops math skills

Highlights the importance of taking care of  
the environment.

Teaches patience

Engages all senses.
