

Why Membership?

Membership **helps the church leadership identify the people we can trust to lead and care for others.** Because of what membership represents, members are the most qualified people to be in a leadership position.

Often, if people are not willing to be held accountable, to go public with their faith, or to commit to leading people into a relationship with Jesus Christ, it can be an indication that they are not ready to lead others within the church environments.

Membership **signifies that a person has a personal relationship with Jesus Christ**, and that he/she is willing to **go public with that faith** through identifying with the local church.

Membership **signifies one's willingness to support this ministry with his or her time, talents, and finances**, and to be held accountable to the values of FCF.

Partnering with the church **helps lead people into a growing relationship with Jesus Christ.** Members can draw great satisfaction from knowing that they are instrumental in leading others into a growing relationship with Jesus Christ. Those people who want to join Faith Community understand the paradigm shift of "What do I get?" to "What can I give?" Membership here is not just having your name on a list. Being a member indicates a willingness to partner and potentially lead with us in our mission to lead people into a growing relationship with Jesus Christ.

We believe that **life change happens best through community.** A small group is the best environment to open God's Word together, pray together, grow together, be held accountable, be cared for, and experience being part of a family.

- I have been scripturally baptized by immersion; I am committed to being obedient to the Word of God as I read and study the Bible; and I will faithfully support the vision of Faith Community Fellowship with my time, tithe, and prayer.
