

PRESCHOOL POST

A Newsletter from Ocean View Preschool

May Days

The star of the show this month is Mom. The children have been busily making gifts and cards to show their thanks for all you do. We thank you, too. The wonderful children we have at Ocean View are a result of your love and guidance. Keep up the good work. It's definitely paying off!

The children will be studying bugs and insects this month. Each class will get a container of caterpillars. The children will be watching as the caterpillars rapidly grow. Soon they will be able to observe the chrysalis being formed. Then, in a while, we'll all be excited to watch the butterflies emerge! Be sure to check out the science table in your child's classroom, so you can witness this miracle for yourself!

Over the course of the year, **The Pre-K** classes have learned the whole alphabet-upper and lower case, plus the sounds of the letters! Now it's time to celebrate with an **ABC Party on May 17th**. Watch for sign ups, if you would like to help out.

Preschool will continue as usual through the end of June, and then we're ready for summer! Hopefully, you have turned in your Summer

Form. There will be fewer groups in summer, and the teachers will also be taking time off. We will notify you soon about what group your child will be in, and who the teacher will be. Some fun things are being planned. Looks like it will be a good summer.

Ocean View Preschool will be closed in observance of Memorial Day on Monday, May 27th.

The **Pre-K** classes will be practicing and getting ready for their graduation. It's hard to believe that their time with us will soon be over. We have really enjoyed having them. Of course, they will have a great time in kinder-

garten. Our love and prayers go with them. We hope you will be able to join us for **graduation on Friday, June 14th at 11:00 a.m.** There will be refreshments afterwards in the Fellowship Hall.

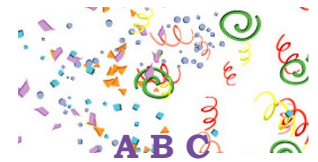

HAPPY MOTHER'S DAY
