

Stay Rich 2

Rich – Series

Ps. Richard Chogo – 13th August 2017

LG Discussions

Everywhere you go there are people telling you how to get rich but this series is about how to Be Rich. When you become rich, we want you to be good at it cause most rich people aren't good at it.

Last week we talked about how like most rich people, we suffer from the side effects of wealth, which are **denial** and **discontentment**. These side effects cause us to suffer from an affliction of the rich called **hope-migration** where your hope begins to migrate from God to money. We therefore need to constantly tell ourselves that '**I will not place my hope in riches, but in the One who richly provides.**'

Discussions:

Read: 1Tim6:17-19, Luke 21:1-4

1. How do we **practically** put our trust in the **Provider** and not the **provision** i.e. how do we ensure that our hope doesn't migrate? And if our hope has already migrated, how do we take it back?
2. Every follower of Christ is expected to do good and be generous. Why is there more emphasis on the rich person with more money or time to do more good?
3. Discuss the statement that '**It is not the amount you give away but the percentage that counts.**'
4. Why is it important to first pre-determine a percentage to give instead of giving spontaneously or emotionally?
5. How does God's view on riches differ from the world's view on riches and the purpose of riches?

"Command them to do good, to be rich in good deeds, and to be generous and willing to share."
