Sunday Services

I absolutely love updating churches and preaching for pastors when they need a break. You guys, my supporting churches, will always get first dibs over the new. If you want me to come in 2026 give me a call 251-599-8580!

PRAYER NEEDS

* Missing Children

Our team currently has 30+ missing cases we are working. Be in prayer for these kids!

* Schedule in 2026

We are actively booking our 2026 schedule right now. Please be praying for the right doors to open and for us to be in the right place and exactly the right time.

* Pray for Rest

I am exhausted heading into the end of the year. Please pray for refreshment and rest. If you have a book rec please let me know!

An Incredibly Busy and Blessed Summer

This summer saw our ministry taking place in Minnesota, Michigan, Kentucky, Tennessee, Georgia, Alabama and Florida. All of the traveling included training parents on internet safety, training new people to join The Shepherds, helping missing/exploited children, ministering/connecting at multiple councils and preaching at many different churches. I am exhausted after all of it to be quite honest but wouldn't trade some of the things God did this summer for anything. Going into this fall season I am looking for refreshment from the Lord. My question to you is, when is the last time you took a moment to slow down and seek the Lord? Busyness is great and the fight is being fought but busyness can steal our time from God if we lose focus. My prayer for you as you are reading this is that God will provide you some slow time this fall to be refreshed in Him. Psalm 23:1-3

New Way To Connect

We have a new way to connect with us. Scan the QR code to the right to find everything you may need involving us and our ministry!

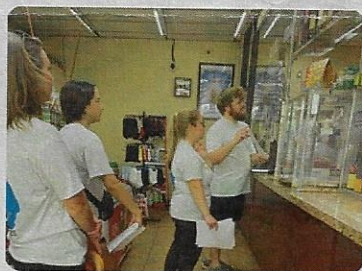

Internet Safety Trainings

We are actively booking our Internet Safety Trainings for Parents for the year 2026. Here is the catch, with our schedule for me to have any kind of family time my weekends to do these are limited. **I can only realistically do about 20-22 of these a year on weekends (week days can be discussed).** That may not seem like a lot but when you factor in our work with missing and runaway kids, it makes my year packed. We want to get to you as fast as possible but if you wait until the month before you want me to come to call me, it may be a while.

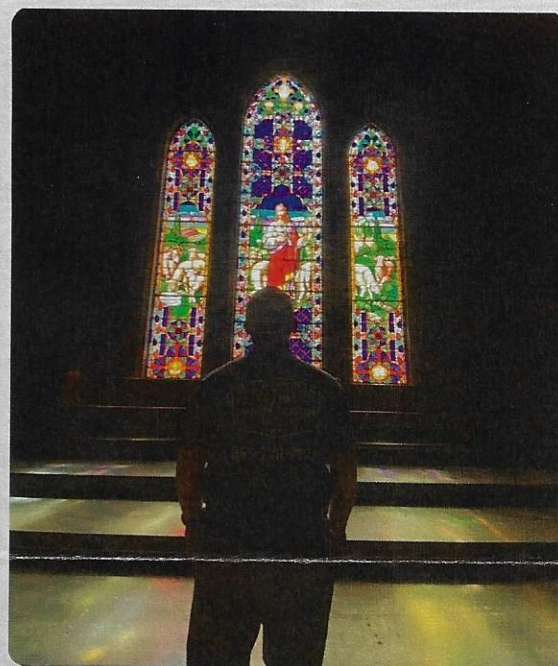

That is why I am trying to get ahead of the curve. **Pastors and Leaders please let me know if you desire to have one of these trainings at your church in 2026. Lets get the discussion going and get it scheduled because my least favorite thing in the world is telling someone no, especially churches. Give me a call, my number is at the bottom of this page.**

An incredible opportunity I hade to join the Southern Latin District for their Council in June.

Hitting the streets gathering any possible tips on missing kids.

Fighting Together

We had the awesome opportunity of going to Louisville, KY to help a non-profit called Hope Rescued. We assisted in some renovation work to a home that will become a women's drop-in shelter for trafficked and abused women. What an honor to help others in this fight. Pictured above are the original late 1800's Austrian Stained Glass windows in the church they acquired along with the house. We could've stared for hours!

**Thank you for
praying and
supporting us!
It truly is an
honor. We
could not do
this without
each of you!**
