

As you can see from this end of the year staff picture, it has been a joy to work with such a great missionary team. (Left to right, Richard, A.V., Justin, and Brett)

**Sending Our Very Best**

It just seems natural to want to keep our best people, but that is not in the nature of campus ministry. Every year we graduate and send out our most experienced leaders. This year 5 Troy Chi Alpha alumni have applied and been approved by US Missions to serve as either CMIT or Missionary associates beginning this fall. While we would love to keep their all gifts and talents here, we are so excited to see how God will use them to reach and disciple college students across the US. In addition to those going on to serve in missions another 7 of our student small group leaders will have either graduated or transferred by the end of this year. Richard (7 years as staff) and A.V. (3 years as staff) will both be going to serve as Chi Alpha missionaries on other campuses. We have invested our very lives into these student leaders, CMTs, and staff members and we are a little sad to see them go, but we know that the impact they will have for the Kingdom of God can only be calculated in eternity. Please join us in praying for all of these who are being sent out to make disciples.

**Family Update**

The Great Commission is not just a job for us, but a lifestyle we live as a family. As you can tell from the Mother's Day picture above, our girls love their mom. They also love Jesus and love to tell others about him. As you know we have been foster parents for about 3 years now and last month a set of siblings were placed in our care. My heart filled with pride and excitement during the children's first trip to church with us. It wasn't because we were taking them to church, but because my 4 year old was explaining to these children why we go to church and why we worship Jesus and who Jesus is. We are so grateful that talking to others about Jesus comes so naturally to our children and that college students who were not raised in a godly home can have an example to follow as they think about their future family. Would you pray for us that our family would be a light to these children and their families as they go through this seemingly dark time.

**Back to "Normal"**

This week Troy University announced that masks and social distancing requirements on campus have been lifted, and all classes and events will return to full capacity and in person. This will mean more students on campus, more students living in the dorms, and more freedom in the way that we minister to students.

**PRAYER POINTS**

- **Staff Transitions**- At the end of this semester several of our staff will be sent out to work with Chi Alpha on other campuses as well as 2 new staff members raising support to join us by August. We are excited for what God wants to do through these campus missionaries, but we ask for prayers as we handle the transition of responsibilities for our ministry in Troy.
- **Fall Outreach**- We are looking forward to being able to do more this fall in terms of outreach on campus. With restrictions lifted, we are planning for more opportunities to connect with students as they arrive in August. Pray that we are able to raise the needed funds for these projects.
