08.04.09

Our goal for students graduating WEFC Student Ministries

1. Students will have an authentic and personal relationship with Christ
2. Students will continually seek out opportunities to grow spiritually
3. Students will be "others-centered" and possess a heart for the lost, hurting, and lonely
4. Students will know their giftedness and have confidence to serve the way God designed them

This Curriculum:

is designed to build towards those 4 goals
will build a foundation on faith
is not, nor could be, fully comprehensive of the Christian faith
will be taught at regular Student Ministry events
will be supplemented at retreats, events, and other ministry programs
has flexibility to allow for special topics of the moment to be addressed
