Computer/Mobile Device/Internet Permissible Use Policy

(Grades K5-12)

Student Name: _____ Grade: _____

Calvary Christian School believes that the Internet has much to offer with its wide variety of resources. Access to the Internet provides a wealth of information resources, research opportunities, communication services and international exposure in ways that would be otherwise unavailable.

Because there is such a wealth of information available on the Internet, material not considered to be of educational value is also available. Some material may contain items that are inaccurate, offensive, satanic or illegal. We have taken precautions to limit access to such materials through the use of Internet filters. It is, however, impossible to control all access to such information and a user may find such material either deliberately or by accident. We believe, however, the benefits to students from on-line access outweigh the possibility that a user may obtain material inappropriate for an educational setting.

We desire that this resource be used in a manner that ensures the continued smooth operation of our computer network and that it will fit into our overall goals and objectives for students at CCS. The Internet user is held responsible for his/her actions when on-line. All users, therefore, must abide by the guidelines as outlined in this policy. If a user violates these guidelines, further access to the Internet and/or use of computers at CCS may be denied. Additional discipline may be administered in accordance with the Parent/Student Handbook.

Guidelines:

- A. Access is a privilege, not a right. This privilege requires consideration and responsibility on the part of the user. Inappropriate use will result in suspension or cancellation of computer privileges. The school administration and system administrator will determine what is inappropriate. The administration, faculty or staff may request that the system administrator deny a specific user access. This applies to school computer equipment and personal computer equipment used at school.
- B. Internet access will be permitted only for those who are authorized to use the system and only for an authorized purpose.
- C. Students are expected to use good behavior, proper etiquette and act responsibly, politely and ethically as they use the Internet.
- D. Users are not permitted to use the school computer resources for commercial purposes, product advertising, political campaigning or lobbying.
- E. Network users are not permitted to transmit, receive, submit, or publish any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, offensive or illegal material.
- F. Physical or electronic tampering with computer equipment is not permitted. This includes, but is not limited to, deliberate changing of settings, activating screen savers, installation of unauthorized software, vandalism, "hacking" or other disruption in the operation of the computer or network. Users shall be responsible for damages to equipment, systems and software from deliberate acts. Any and all costs incurred by CCS for repairs, and/or replacement of software, hardware, and data files shall be the responsibility of the user who created the problem.

- G. Users must not violate copyright laws in the use, installation, distribution, duplication or modification of copyrighted material. Plagiarism will not be tolerated.
- H. Internet users will in no wise use the network for financial gain or carry out financial transactions of any kind.
- I. If a user discovers a security problem in the school's computer network, he or she will notify the system administrator. They will not demonstrate the problem to others. Users shall not attempt to "hack" the computer system.
- J. Users must not use another's account or password nor reveal passwords to others. A user must not attempt to impersonate another person nor use the network to disrupt the work of others or use others folders, work, data or files.
- K. Students shall not use a computer logged in under another student's name. Users are not to use a computer logged in under a teacher's name.
- L. Users are not to post notes to newsgroups or bulletin boards nor enter any chat rooms. Internet users shall not reveal addresses, phone numbers or other personal information to others on the Internet. Students are not to access social media sites such as Facebook, Twitter, etc., without teacher permission. Devices should be used for "school-related purposes."
- M. Information retrieved by a user is that person's responsibility and at his own risk. Calvary Christian School assumes no liability for the accuracy of any information from the Internet. CCS is not responsible for the loss of data, delays, lack of delivery of information or service interruptions. Although every effort will be made to insure a reliable connection, there may be times when the Internet service is "down" or unavailable.
- N. Students may not download files from the Internet nor upload to/through the school network unless granted permission from a faculty member. Any such files must be checked by a virus scan.
- O. Users shall realize that communications over the network are not guaranteed to be private. System administrators may review files, messages, or data to insure that the system is being used responsibly. Messages supporting illegal activities may be reported to the authorities.
- P. Users shall not load unauthorized games, programs, files or nor any other media on any school computer system. The computers at CCS are educational tools and are not to be used for one's personal recreation.
- Q. Posting of pictures or videos of students, faculty, or staff without their permission, is strictly forbidden.
- R. Use of personal computers, phones, iPads, etc. are subject to the same above policies when being utilized during CCS hours. Permission for use of these items is managed by the CCS administration and teachers. Teachers maintain final authority for the educational use of technology in their classroom.

Any violations of the above guidelines may result in loss of computer access, as well as other disciplinary or legal action that is consistent with and in accordance with the Parent/Student Handbook. Your signature below signifies your agreement to comply with this policy.

HOMEROOM PARENT (Preschool – 6th Grade)

Very often we have parents who express an interest and desire to help in classroom activities during the school year. We count it a real privilege to work with you and we truly appreciate your invaluable assistance and help in so many areas. During the year we have a number of parties, projects, outings and special activity days, for which we need the help of party planners, coordinators, chaperones, drivers, etc.

Please Note: Classroom parties are for the enjoyment of the classroom students, teacher, and attending parents. For that reason, younger siblings attending any classroom party are asked to be well-behaved and under the direct supervision of the parent. The principal and teachers have the option of requesting that no younger siblings attend a classroom party due to the various nature of a said activity.

If you have the time and would be interested in serving as a room parent, we would appreciate your involvement with us this school year. We understand, of course, that family, job and other obligations sometimes prohibit parents' participation. We do appreciate not only your practical help, but also your prayer support.

Please look over the list below and check the space that indicates what you would like to do:

- I can serve as head room parent
- I can serve as room parent – assist head room parent
- I could help furnish refreshments
- I could provide supplies such as paper plates, napkins, etc.
- I could be a chaperone on field trips
- I can not participate in any of the above activities, but I will be with you in spirit.

Thank you for giving of your valuable time and willingness to help. We consider it such a privilege to work with you and your child.

Dear CCS Parents:

It is time once again for our annual Scoliosis Screening Program. This will involve our 6th and 8th grade students and will take place during the school year.

Simply stated, scoliosis is an S-shaped curvature of the spine. In its early years, it is painless and appears gradually, especially during the years of rapid teenage growth. It is often confused with poor posture.

Screening for scoliosis is relatively easy and will only take a minute or two for each student. It involves the nurse looking at the child's back while standing and bent forward. The student will need to wear a loose fitting top because the exam requires the shirt to be pulled up and the spine to be visible.

If further examination is indicated, you will be notified by the school nurse and requested to take your child to your family physician or pediatrician for further evaluation.

Please fill out the permission form below and return it to us as soon as possible.

Thank you,

Kim Dean, RN
