Victorious Living

Sunday Morning, March 1st, 2020

Reflective Questions:

Am I resolved to live with a holy passion and longing for Christ first in my life? If not, what is the way of that being a reality?

Am I resolved to live my life calling others into a position of intimacy and closeness with Jesus Christ?

Is there any price that Christ might ask me to pay that I am unwilling to gladly pay for His desires to be accomplished?

What is the level of my expectancy for God to work in intervening ways in my life and the life of others? What should I do in response to this?

Is there any area of life where I am not living in regular victory? What would it look like for me to renounce this and ask a brother or sister in Christ to pray with me about it?
