

Duluth First United Methodist Church's MinistryOne App: A New Way To Stay Connected with Your Church

Duluth First United Methodist Church's MinistryOne app for mobile devices allows you to:

- Watch sermons on your mobile device.
- Make donations to the church.
- Easily update your contact information.
- Connect with other members through the online directory.

To install the app on your mobile device, just follow these steps:

- 1) Go to the app store on your mobile phone and search for **CHURCH MINISTRYONE**. The icon is purple with a white cross in the middle of it.
- 2) Once it is downloaded, open the app and enter "Duluth First United Methodist Church" in the box just above the blue **FIND YOUR CHURCH** button, then click the button.
- 3) When the church's name comes up, click on it. It will move to a larger screen and at the bottom of that screen, click **SELECT THE CHURCH**.
- 4) It will ask you to allow the app to send you notifications. We would recommend clicking **ALLOW**.
- 5) In the bottom right, click profile. Sign in with your e-mail (the one you use for church communications) and your mobile phone number. The spaces for your e-mail and phone number are below the words **E-MAIL** and **MOBILE PHONE NUMBER**. Do not sign using the username password function.
- 6) Click **NEXT** and it will ask you for a way to send you a validation code. Click **TEXT ME** the code. Enter the code and click **NEXT**.
- 7) After you do this, it will take you back to the menu screen and you should now have a 7th box that says **PEOPLE**. This is the directory.

Having problems and need help? Please contact Benjamin Rah, Church Administrator, by e-mail at brah@duluthumc.org or call the church office at 770-476-3776.
