- **FIRST NATIONS** - We have been praying about and will start taking trips in 2019 to scout out locations where we will live and minister. Will you please pray that God will direct our path and make it perfectly clear where He wants us.
- **OPPORTUNITIES** - Our neighborhood is filled with rural Paraguayans who do not have a personal relationship with Christ. Please pray for open doors and boldness in proclaiming the name of Christ, and for renewed lives in this precious neighborhood!
- **LANGUAGE** - Guaraní is a hard language. Please pray that we would continue to make progress, and leave this coming year with the ability to communicate in Guaraní as we head into our ministry to the First Nations people here in Paraguay.
- **CHRISTMAS** - This will be our first Christmas in Paraguay. While it is exciting to explore how a new culture celebrates, our hearts also long to be with family and friends during this holiday season. Pray that we will make new traditions here that make living here feel more like home.
