Facilities Rental Opportunities in Downtown New Haven

General Information

United Church on the Green is one of New Haven's oldest and most respected United Church of Christ congregations. Our historic Meeting House is located on the Green at the corner of Temple and Elm Streets. Our Parish House is located one block away at 323 Temple St. Part of our mission program is to make our facilities available to community organizations and groups whose missions and functions are compatible with our values and outreach initiatives. The church has been an active force working for social justice since it was founded in 1742, most notably supporting the events of the Amistad Incident, on-going civil rights movements, anti-war/pro-peace activities and recently the "Occupy New Haven" actions. UCG is an open and affirming church that actively supports LGBT rights and equality, 12 Step Recovery Programs and other human rights issues. Acceptable functions for our facilities include: weddings, funerals, musical performances, lectures and forums and other private group and public service events. Rates are variable based on activity type, duration and mission compatibility. For more information contact: **John Russell, Operations Director at 203-787-4195 x102 or email operations@unitednewhaven.org.**
