

PASTOR'S NOTE

"Timehop" is an app that goes through all your past social media posts and shows you your posts and other people's posts on your social media sites on that specific day from the years past. A couple weeks ago Timehop reminded me that 6 years ago Dena, Ethan and I moved back to Waupun to begin working at this awesome church. Man, did I reminisce. About the terribly difficult decision to leave a great situation at a great church and come back and help my dad pastor my "home church." About all the people that have been a part of this 6 years. About the incredible things we've seen God do. The moments...the memories. I'm so thankful for God's sovereign plan and for using me here at this incredible church. Thank you for bearing with me and allowing me to grow and develop here. Thank you for your love and support, for not only myself, but my entire family. God has blessed me in ways I don't deserve and cannot fathom, and you, my church family, are one of the ways God has blessed me. Enough of the mushy stuff!

We're moving into week 2 of our Magnify series. I've been excited for this series for a long time! This series and concept has become more of an emphasis in my own life as I've attempted to develop a better relationship with God. I kept realizing that my view of who God is, was....off. It's no secret that one of my favorite writers/theologians lately is A.W. Tozer. His writings have led me to this point where I realized how skewed my thoughts on God were and how to start realigning them. His quote is the central premise of this series, "What comes into your mind when you think about God is the most important thing about you." What an incredibly profound and true statement. You're view of who God is shapes everything about you. This has become very clear in my life and has changed things for me. Not that my view of God is spot on or that I'm even close, but I'm closer than I've ever been, and my desire is to get closer and closer until I see him in reality in Heaven. This is the idea for this series. That you would join me in this, in this reshaping of our view of who God is and realize how crucial these thoughts are. That we, together, would dive deeper into who God is and our relationship with him. I look forward to seeing what God has in store for all of us through this series.

Let's do this, together! Pastor Zack

Therefore, since we are surrounded by such a great cloud of witnesses, let us throw off everything that hinders and the sin that so easily entangles. And let us run with perseverance the race marked out for us, ²fixing our eyes on Jesus, the pioneer and perfecter of faith. For the joy set before him he endured the cross, scorning its shame, and sat down at the right hand of the throne of God.
