

Propelling Us Into 2026

Mission Indy has had the privilege of impacting over 150 college-age Summer Interns over the years, and we look forward to doing that for many more. In the Fall of 2026, we will turn 30 years old! 30 years of God's faithfulness and many years of faithfulness for those of you reading this. Thanks be to God and thank you dear friends for standing with us.

The picture and story below is one example of how you have impacted people, while they were at Mission Indy, and then around the world as God led them after their time here. Emily may have begun her journey in Indianapolis but as she has served for several years in Europe, God has used her to impact many others with the love of Jesus. Here is just a piece of what she said 12 years ago.

"When I heard about Mission Indy, I was a junior in college searching for a summer internship that would fulfill my graduation requirements. I was looking to get ministry experience and hopefully figure out what I wanted to do with my life after graduation. I had no idea how incredible an opportunity I'd stumbled upon with Mission Indy. Mission Indy taught me about life in the city, loving my neighbor and how to use a chainsaw. The real lessons of Mission Indy, though, can't be taught. They had to be lived.

Much of Mission Indy's ministry takes place in the city, but they're not just about urban ministry. Much of their work is done with teens, but they're not just about youth ministry. They're about the church."

Emily had impact on the other interns, the groups who came to participate, and the partners in Indianapolis who benefited from Mission Indy service and outreach. Today she is impacting many young people in the place God has called her. That would not have been possible without your support and prayers.

Who will God bring to serve an internship with Mission Indy in 2026? What colleges and universities will they come from? In what ways will they impact all the individuals we mentioned above? Only God knows at this point, but we can be confident of this. He will be faithful to do what He has always done.

Now, we are asking you to help us raise the \$25,000 it will take to make this amazing opportunity available to the young men and women God wants to equip and train during the summer of 2026. **Please use the QR Code on the back page or DONATE button on our website or send a check today!**

Look at the picture collage on the next page of just a few of the Summer Interns across the years and see the impact that your support has made. Thank You!

PRAY WITH US

- We look forward to the 2026 Summer Interns God will send our way, and we are praying for them even now.
- We thank God for the church groups who have registered to come to Mission Indy 2026, and pray for those yet to register.
- Pray that we would honor God in all we do.
- Pray that the Lord will provide the next staff person in His way and timing.
