Missionary News: Tom & Sandy Basile (Mexico)

God has blessed this ministry. The visiting teams completed the septic system so plumbing is fully functional, finished painting, and completed second floor wiring, and all workers were safe. Electric work (outlets, switches, and fixtures) still needs to be installed. A new team came to work on stairways. The welder has been repaired. All of the bedbugs are gone, and a coyote was killed. After many delays and paperwork, they finally have the license to dig wells. Pray that all necessary funding becomes available and more students apply for the August opening of the seminary. Pray that all their outreach approaches will bear fruit.
