

**This Week's Prayer Focus:** Derby  
**Week of:** June 27, 2021

**Location:** First Presbyterian Church, Derby

**Mission Focus:** Even with the pandemic, we continue to collect items for different mission opportunities each month. One month it was laundry soaps and another shoes and socks for the Veteran's Hospital. April's mission is food for the Derby Food Bank, collected by our youth, Yo-Fam. We will continue to collect snacks and backpacks for Pando Initiative, Items for Wichita Family Crisis Center and St. Anthony Family Shelter. Circles, Inc. hopes to begin meeting within our building as they meet the needs of those in poverty, educating them to surround themselves with opportunities to better themselves. And we continue to have our Care Cabinet where members can donate many types of household items, clothing, hygiene products and food to be distributed to Open Door Ministries, Derby Food Bank and Transitional Living Center in Wichita. We also provide Transitional Living Center with many gifts at Christmas as they take care of those teens that have aged out of the Foster Care system. We also continue our "drive thru" dinners once a month, plus we have added an evangelism component. Order dinners for your neighbors. Our mission ministry pays for the meals and adds information about our worship and ways we can help them. And we host the annual Derby Police Appreciation Banquet for the Police Department and their families.

We continue to sponsor four missionaries; K.K. – Lebanon, L.B. – China, A.D. and B.D. – Southeast Asia, and A.L. – India. Our goal is to have them worship with us and share what they can about their ministries. Bringing them back to our campus allows us to do more than partner with them; we get to know them.
