

Consent Agenda – Additional Motion

Presbytery Meeting: November 16, 2021

C. Motion: for PSK Trustees

1. **MOTION:** Approve the reroofing plan for the United Presbyterian Church of Cambridge

- a) The United Presbyterian Church, 606 Maple, Cambridge asked for help from the Presbytery of Southern Kansas Trustees to replace the shingles on their facility. During strong winds some shingles have blown off. Some of the missing shingles have been replaced but others are beyond the capability of the congregation to replace. The roof is 27 years old and worn out. Their roof has insufficient hail damage to warrant a claim.
- b) The contract will be between the Church and the selected contractor.
- c) The Trustees obtained comprehensive bids from two contractors and approved the following motion on 11/10/2021.
- d) **“Motion by Ken Coryell:** Move that the Trustees recommend to the United Presbyterian Church of Cambridge that they award the contract for re-shingling of their church roof to Burwell Construction, INC, Goddard, KS for the bid amount of \$27,807.28. Additionally, that the Presbytery will provide a grant of \$13,903.64 towards this contract paid directly to the contractor with funds coming from the Presbytery Congregational Emergency Loan fund. Further, if the Church choses High Impact shingles, they will pay the contractor the additional cost of \$1,754.80.”
