The Principle of The Path Week 2

ICE-BREAKER:

- What is your favorite navigation app? If you don't know what that is, please proceed to the next question. 😊

READ: Proverbs 7:6-27

DISCUSS: (Choose the questions that relate best to your Small Group)

If you were trying to teach a new driver how to use a navigation app, what three steps would you give them? How do those steps translate to the way we make decisions about where we go in life?

Can you take a wrong turn, and still end up at the right place?

How does Solomon's description of the young man help us predict where he's headed?

What was the first mistake he made when he headed out?

Discuss how finding yourself on the wrong path feels similar to being trapped or ensnared. How can defining your desired destination prevent you from being led into danger?

APPLY:

Identify all of the directional words in these verses. What is Solomon's specific warning? How does it apply to us today?

Are you currently living in the direction of the destination you desire? If not, what do you need to do to change your direction?

In one sentence, describe your intention for one of the following aspects of life; marriage, parenting, finances, profession, relationships, spiritual life, or morality.

What are two or three things you can do to put yourself on a path toward that desired destination now? How can this group help you?
