

LOCAL MINISTRY VISION AND GOALS

MEMPHIS ATHLETIC MINISTRIES

VISION:

We develop relationships with inner city kids through games and fun so that we can have greater trust and gospel influence on their lives. We desire to see transformational gospel change that penetrates to their friend groups, school work, and long term goals.

GOALS:

Short Term

- Connect with one kid. Learn their name, what they like to do for fun, and what grade they are in.
- Get kids involved in the activity for the night. Seek out students to encourage, hug, and love on.

Mid Term

- Have students begin to recognize you and learn what your name is.
- Serve students as volunteer coaches, tutors, or homework helpers outside of our normal times of ministry.
- Begin asking students if they would like to come to church with you, and develop plans for pickup.

Long Term

- Find ways to connect with students outside of ministry. Take them bowling, go to the movies, take them out to dinner.
- Get introduced to their family members they live with and begin developing trust and relationships there.
- Look for opportunities to speak gospel truth into their lives as you hear about things going on in their lives.
