## **A Unique Servant of God** by *Wayne Newman*

Our monthly “Ministry Moment” article will focus on a ministry, person, or group – to highlight the many acts of Christian service at BHCC, many who are often laboring behind the scenes. So to start off, who better than our own, unique, talented John Hanson.

When travelling, and visiting different congregations in other places, I’ve noticed they all have a sweet, soft-spoken secretary that is, by all indications, female. We do not: We have an ex Missile Combat Crew Commander for a “secretary”. One thing stands out: John’s life is a constant trail of things that should not have happened but did, and things that should have happened but didn’t. He gives God all the glory for having orchestrated his and Donna’s life in ways he could not have fathomed. John has lived out Proverbs 16:9, “In their hearts humans plan their course, but the LORD establishes their steps”. Obviously, from his accent, “he ain’t from around these parts”, but I wonder how many people really know John’s background?

Here are the “CliffsNotes”: Born in Birmingham, England. His family moved to Rhodesia, Africa in 1956. His parents were not religious, nor interested in becoming so. His family went to a Tex Williams Gospel meeting where John’s dad was taking notes to prove Tex wrong. You know the rest of that story: Dad proved himself wrong – so he and his wife obeyed the Gospel and a few years later, became full-time missionaries. So John was raised in the church and, through his parents, developed a strong love for missions.

John came to ACU to study. He was supposed to go to Harding – but Donna (also from a missionary family) was at ACU, and apparently God had a better idea: You know the rest of that story. After they married and graduated, they went to Rhodesia as self-supporting missionaries. John worked as an extension agent for the Rhodesian government. There was a war going on and he was conscripted into the Rhodesian Army. The rapidly deteriorating political situation forced them to leave after 1 ½ yrs, and they returned to the States. John worked at Pride refinery and then joined the U.S. Air Force; stationed at Brooks AFB in San Antonio, doing Biomedical Research in radiation physics. The fun part at Brooks was riding the 9G human centrifuge. After he became an Officer, he was assigned to Minot North Dakota as an ICBM missile commander. The story goes on and on.

After hearing the stories about all the things John has done in his life, it makes me even more proud to have him and Donna at Baker Heights. Considering that he didn’t kill us when he had 150 nuclear missiles at his disposal, if we get a paper jam in the copier, I think he can handle it! ;>)
