

Pasture To Produce Garden is getting ready for this Season!

Get involved in the PTP Garden by adopting a row or assisting with tasks. Adopted rows are cared for until harvest, to provide food for neighbors in need. You can also plant for yourself while working in the garden. Sign up in the Upper Room or email office@chestnutgrovebaptist.org to participate. If adopting a row is too much, you can still help with various tasks. Signup details are available in the Upper Room or by emailing the office.
